Conducting 1696 hrs. Training with OJT Program as per CTEVT's Professional Courses

1. Background

Enhanced Skills for Sustainable and Rewarding Employment (ENSSURE) II is a bilateral project of the Government of Nepal (GoN) and the Government of Switzerland. The 4 years long project commenced on 10 September 2021 and will conclude on 15 July 2025. The goal of the project is to support Nepalese youths, women, and men, to gain social and economic benefits from a federalized TVET system. To the end, the Project has been helping 3 spheres of government to assume their constitutional responsibilities in delivering TVET functions. Likewise, the project has been closely working with industries and their associations to reduce the mismatch in skills in demand and skills in supply, as well as improving the employability of skilled human resources.

Council for Technical Education and Vocational Training (CTEVT) is responsible for implementing the project activities at the federal level, which includes developing/updating the curriculum and developing various guidelines. At the province level, the Ministry of Social Development (MoSD) implements the project activities which include implementing the Dual VET apprenticeship program. Likewise, municipalities are responsible for delivering project activities at the local level which includes implementing training with OJT among other activities. Helvetas Nepal is Technical Assistance (TA) Provider in the project. It is responsible for supporting 3 spheres of government to plan and implement the project activities and ensure their qualities.

This ToR is prepared to conduct training for the targeted youth in the fiscal year 2080/081 and it provides guidelines to the aspiring Training Providers (TPs) about the scope, work, working process, deliverables and etc.

2. Objectives of the Assignment
